

Dear Ms. Garnett,

Thanks for the thoughtfulness of the stamped envelope.

Your letter to Senators excellent.

Ray situation/ uncertain, unclear.

Your radio experience is typical. Don't be turned off and don't even lose your sense of outrage.

There is no simple explanation nor one that fits all circumstances but your station is like most and the papers are no better.

You are doing what you can. One can 't do more.

If and when enough others do the situation will change and the country will be better off for it.

Thanks and best wishes,
